

Noah's Ark News

Week ending 25 September 2020

Weather Watch

At Noah's Ark, we always try to make the best use of our outside spaces whatever the weather. We are fortunate in having different spaces and a variety of resources to do this, This year it looks as though we will be spending lots of time outside as part of our strategy to limit the spread of Covid 19.

As the weather gets colder and wetter it is important that your children are adequately protected against the weather. Please can you ensure that they come to Pre-school dressed warmly and with layers of clothes that are easy for them to take off. It helps us if they are wearing their coats when they arrive. You may also wish them to come with wellies and waterproof trousers, although we have a selection here if needed. As the weather gets colder they will also need hats and gloves.

Help us make the most of your donations

Noah's Ark is a charitable organisation and we are always very appreciative of parent donations which help us to top up the income we receive through grants and fees. If you are a tax payer we are also able to take advantage of Gift Aid on your donation. This means we receive an extra 25 pence for every £1 you donate. The donations we receive enable us to continue to provide the wonderful range of resources we have here for the children such as woodworking, sensory materials and cooking activities. Please do ask the office for a Gift Aid form and help us make your donations go even further. Thank you for your support.
