

Noah's Ark News

Week ending 9 October 2020

Construction and Teamwork

Looking back through the photos taken this week, there seems to have been a theme of construction and team work. The children are really pleased that we have been able to open up the sandpit again with fresh sand. We are following guidelines and keeping this clean by regularly spraying it with Milton Spray and raking it. The diggers and bulldozers have set to work and excavations have begun.

A group of children worked together to build a bus, with some large cardboard boxes, whilst others strengthened the fortifications on our climbing frame by adding a brick wall. A hive of business and creativity.

The children have also been testing out the new portable hand washing facilities which arrived this week. These have proved to be popular and will hopefully make all the extra hand washing lots more fun.

Don't forget to please keep sending us your pictures for our Family Books. They are coming together nicely.

Best wishes for the weekend,

The Noah's Ark Team

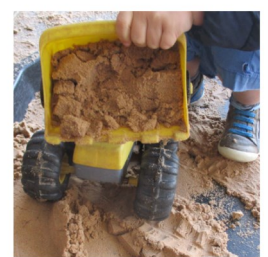

Diary Dates

Term 1 ends 23 October

Term 2 starts 2 November

Recruiting

We are looking to fill two posts at Noah's Ark. For more information about the positions of Early Years Practitioner with Key Person Responsibilities or SEN 1:1 Support, please see our website or contact the office.
