

Noah's Ark News

29th September 2023

Dear Parents and Carers,

The children have really enjoyed exploring different **fruits and vegetables** this week. They have all had the chance to chop up, touch and taste some different foods and bring them home to share with their families. Some have drawn different coloured autumn vegetables with oil pastels and crayons onto black paper. Thank you to all the families that were able to donate fruit and veg.

Our focus this week has been **exploring our outdoor environment**. The children have been collecting bugs and snails from the herb garden and listening to the **sounds** they can hear around them when they are playing outside.

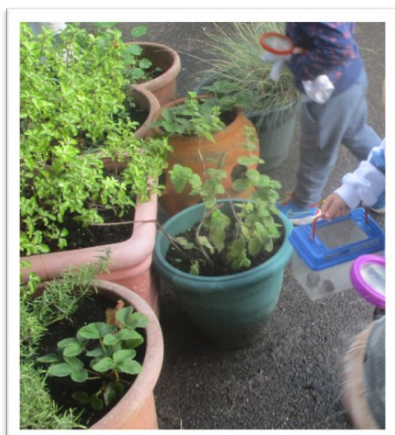

It is fantastic that so many children are using their bike or scooter to get to Pre-School in the morning. Please could we remind you that children **should not use their own bikes or scooters in the outdoor area** during pick ups or drop offs to avoid any accidents.

Please see the attached flyer with details of tours of Henleaze Infants School, if your child is due to start school in September 2024 you may be interested in attending.

Have a great weekend, The Noah's Ark Team.
