

Dear Parents and Carers,

This week we have been thinking about numbers and **measuring**. The children have been filling up and pouring out different sized containers to see what can hold the most water, drawing round their feet to see who has the longest, weighing objects with scales and sorting cuddly toys by size. This early exposure to measuring helps to develop a positive interest in mathematics, fosters reasoning skills and helps children to 'have a go' without being afraid of making mistakes.

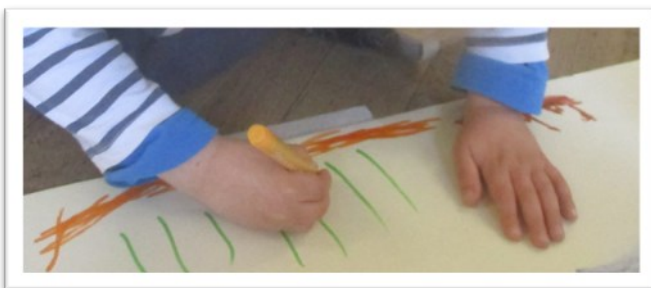

We hope you will be able to join us on **Tuesday 26th March 3.30-5.00pm for our Easter Special Celebration event**. Everyone is welcome, please let the Office know if you plan on coming along and how many you will be bringing! It will be a lovely craft and play session in the Pre-school rooms, followed by Easter refreshments in the Church.

Here is a link to **healthy lunchbox** recipes if you would like some new ideas: [Lunchbox ideas and recipes – Healthier Families - NHS \(www.nhs.uk\)](http://www.nhs.uk/healthierfamilies/lunchbox-ideas)

Please see the attached flyer from Cairns Road Baptist Church inviting families to join them for their friendly Easter story service on **Sunday 17th March**.

Have a lovely weekend,

The Noah's Ark Team.

Join us at Cairns Road to get hands on and explore a story from the bible. For 45 minutes there will be different ways to engage with and think about the whole Easter story, for all the family. Whether you have a faith or want to find out more...
