

Noah's Ark News

Friday 10th July 2026

Dear Parents and Carers,

What a busy week we have had here at Noah's Ark.

On Monday, Dragonbird Theatre company came in to do 2 performances of their amazing interactive show 'Night and Day'. The children had lots of fun going on a journey, which had them bouncing beach balls on a giant rainbow parachute before going through the 'sunshine tunnel' to post their post-cards.

This week we have had an Indian flavour to our cooking as we have made spicy potato cakes and Chapatis. For the potato cakes, children used a fork to mash the potato before cutting up the herbs to go into their mixture. They then used some flour to shape the mixture into small balls. These were cooked here and the children took them home for you to enjoy. On Tuesday and Wednesday Harwinder showed the children how to make Chapatis, they had a go at making the dough and then used a rolling pin to roll them flat to make their chapati.

We have also been doing some great junk modelling. Children have shown great perseverance as they have tried different things to stick bits together to create their object.

On Tuesday we had our leavers service to say goodbye to those children who will be leaving us at the end of this term. This was a wonderful opportunity to celebrate their time at Noah's Ark and wish them all the best as they move onto school or another setting.

Our Noah's Ark Museum is filling up with some interesting objects that the children have bought in. We have had some volcanic rock, boars teeth and a statue of Ganesh. There is still time to send your child in with their object to go in the museum. Children will get the opportunity to talk about their item with their friends at Thinking time.

The Makaton sign for this week, is 'Museum.'

Have a wonderful weekend
The Noah's Ark Team.
