

Noah's Ark News

Friday 9th October 2026

Dear Parents and Carers,

This week we have had a Christian focus as we have been exploring our amazing world in lots of wonderful ways.

There have been various natural resources out including shells, conkers and pine cones and we have enjoyed placed and arranged these within our frame to create a picture. We have also carefully balanced different items on top of each other create a bridge.

All around us we are noticing the change of season to Autumn and we took this as our inspiration to create our wonderful picture of an autumn tree—you can see this in the yellow room. We talked about the different seasons and what changes we might notice when we are out an about such as the leaves now being vibrant red, orange and yellow in colour and conkers on the ground.

We have also been looking at all the amazing animals that are around us, talking about where they might live and the sounds they make. We then made homes for them out of various natural resources.

This week we have done some food exploration too as we have looked at various vegetables including cauliflower, squash and peppers. We have cut the vegetables up and discovered that some have seeds inside them. We also had a taste so we could find out what they tasted like.

In thinking time we talked about recycling, about why we recycle and what items we can recycle. We then played a game where we picked a card and decided if we could recycle the item on the card and which box we should put it in. Why don't you talk about this more and see if your child wants to help sort the recycling out at home.

There has been lots of amazing collaborative play this week, as children have worked together to do something. Whether that be completing a jigsaw of moving a large box together.

It's our stay and play event next Tuesday 13th October, 3.30—4.45. We hope that you will be able to join us to do some fun activities with your child and get the opportunity to chat to other parents. There will be some refreshments available too, we hope you are able to come along.

The Makaton sign for this week, is 'World'.

Have a lovely weekend, The Noah's Ark Team.
